# JAIVEER MISRA

RECORDING ARTIST, PERFORMER, PRODUCER

Jaiveer's musical journey started on his grandmother's piano, when he was five. Self-taught on the guitar, he works on a range of music including, Hip-Hop, RnB, Indie, Pop and alternative genres. Jaiveer's musical inspiration finds its roots in Jazz and Blues and the greats such as B.B. King, Buddy Guy and Louis Armstrong. His music can be found under J.A.I.V on the popular music streaming platforms including Spotify, Apple Music and Amazon Music. Jaiveer is guided by the philosophy that music is a universal language which transcends boundaries and disparity and connects individuals in a way that no other medium can. While his impact project "Mentoring Through Music" has given Jaiveer the opportunity to use his passion for the wider community, he continues to grow and learn as a musician.

Creating a versatile discography, with one overall vibe, Jaiveer is inspired by artists such as The Weeknd and Drake. He has also co founded the label "Dead In Paradise" with the aim to provide emerging artists with a platform to showcase their work. The label boasts a roster of artists with whom Jaiveer has collaborated as a producer and performer. Since the beginning of his career, J.A.I.V has accumulated more than 400,000 streams across popular streaming platforms.

Invited to perform pan India, venues have included The Easy Human Cafe in Mumbai, "We Work", and "Kadence" in Bengaluru and "Pianoman", for a ticketed performance in New Delhi. Favourites in Jaiveer's repertoire included Misty by Ella Fitzgerald, Feeling Good by Michael Buble, Tennessee Whiskey by Blake Beckham JR and Gravity by John Mayer. Equally important to him are his musical contributions to The British School, where he has regularly performed live onsite and online at school events and landmark occasions. He has been instrumental in the school securing 1st place at The ISSACI World Choral Festival and 1st place during the Eurovision contest. Committed to using music as a tool for social change, during the pandemic Jaiveer has recorded original compositions as well as covers to raise awareness on issues pertaining to mental health and conservation of our Planet. "Valiant" an original composition dedicated to army personnel, defending Indian borders during these challenging times featured on the Integrated Defence Staff of India's YouTube channel. "Glorious" a cover bringing hope to those suffering from mental health issues was endorsed by Sukoon Healthcare, India's one of kind super specialty psychiatric facility.

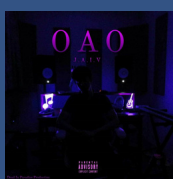

Jaiveer's home studio which he built himself, has been his safe space during the pandemic while collaborating with emerging artists from India and South Africa. Jaiveer believes that his musical journey has enabled him to continually learn and grow. Importantly he says "it has made me a better human being."
